AgCam Kit

PN: 6M, 7M, 9M-C1(2)

The DM AgCam is built Ag-tough. It can handle anything life on a farm or ranch can throw at it.

Incredibly easy to install, there are no complicated installation instructions. A single power input adaptor powers the entire system. Mount your cameras and monitor, hook up your cables and power up. THAT'S IT! No permanent installation is required, so moving the system takes no more than 5 minutes in most applications.

FEATURES:

Camera:

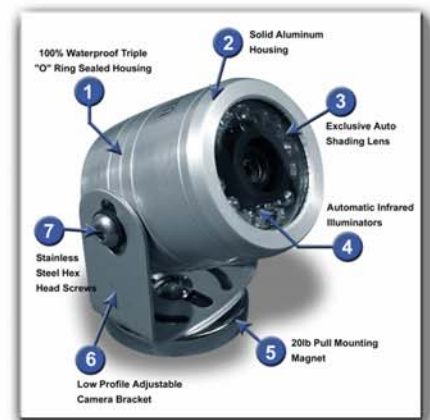

- ◆ Built-in, high quality 1/3" CCD Camera
- ◆ Standard lens features 92 deg. field of view. Optional lenses: 2.8mm, 6mm, 12mm & 16mm
